Intellicold® Pharmacy Fridges

Free Standing RLDG1819

A professional 543 litre pharmacy refrigerator powered by our unique IntelliCold® touch screen controller, designed from the ground up for the safe storage of cold chain medicines as advised by Public Health England in Protocol for Ordering, Storing and Handling Vaccines.

It features a 1.6 metre secondary (wandering) temperature probe that can be placed anywhere inside the pharmacy fridge and it features a NEW touch screen controller which is completely flat so can be thoroughly cleaned and disinfected as there are no raised buttons to collect dirt and germs. The controller displays, alarms and records minimum and maximum temperatures for both temperature probes. Like a mobile phone touch screen it locks after 30 seconds to ensure that buttons can't be activated accidentally.

We can also provide a calibration certificate for your pharmacy refrigerator from our in house UKAS calibration laboratory No: 8898 as an optional extra.

We are confident that this pharmacy refrigerator will provide you with many years of fault free service. However, for extra peace of mind your RLDG1819 comes complete with a FREE UK 5 year parts and labour warranty.

Specifications

Product Code	RLDG1819
Gross Capacity	543 litres
Style	
UK Warranty	
External Dimensions (mm) HxWxD	1960 x 750 x 755
Internal Dimensions (mm) HxWxD	1603 x 622 x 545
Temperature Range	
Fridge Set Point
