

Designed and manufactured in the UK in our Basingstoke factory, this Blood Bank refrigerator is a certified Medical Device in accordance with UK MDR 2002 and is compliant with BS4376:Part 1:1991, this blood bank is fitted with safety features such as a seven day chart recorder to keep you in the knowledge that your product is stored correctly and safely.

Hygienic touch screen controller

Secure digital keypad access

Fitted with a hygienic, wipe clean, touch screen controller with alarm battery back up, the clear LED display shows all alarms visually as well as emitting an audible warning. Both the air and load temperatures are monitored as well as a door open and mains failure alarm. With remote alarm contacts fitted as standard, this blood bank refrigerator can be linked up to most alarm systems.

Not only do Labcold blood banks ensure your products are stored correctly, but the digital electronic door lock provides easy access and added security. You can have all the security and safety without the need for keys.

Labcold blood banks are tested for 72 hours and calibrated in our UKAS calibration laboratory No:8898 before they are dispatched and all come with a FREE 2 year warranty.

RDBT1068MD Compact Blood Bank
