

LABCOLD™

medical & scientific refrigeration

RLPI0130MD Platelet Incubator (Medical Device)

Developed specifically for the safe storage of platelets at the optimum temperature this Incubator features a keypad lock for security and a built in chart recorder. It has been designed to meet the BSQR standard for storing platelets and comply with MHRA regulations.

Like the rest of the Labcold Blood Product Storage range this incubator is a certified medical device in accordance with EU Directive 93/42/EEC.

Hygienic, easy to read display and controller

Simulated load alarm

This incubator has enough capacity to hold a Labcold flatbed Platelet Agitator (model number AGIT1006MD) with either a 6 or 8 tray rack which can be ordered separately.

The incubator features a motion sensor alarm to alert you of agitator failure and for extra safety is designed to automatically stop the agitator from moving when the door is opened and resume motion when the door is shut.

Part Number	RLPI0130MD
Capacity (Litres)	118
Style	Freestanding
Exterior Dimensions (HxWxD)	1045 x 655 x 670mm
Interior Dimensions (HxWxD)	445 x 555 x 465mm
Energy Consumption	1.3 kWh/24hr
Operating Temperature	+22°C +/- 2°C
Interior Construction	Stainless Steel
Exterior Construction	Powder Coated steel
Door Style	Glass
Door Hinging	Right
